PROFESSIONAL PRINTING STUDIO

DROP SHIPPING

Don't spend money on stock, and don't get stuck with stock you can't sell. With dropshipping, you only order when your customer orders.

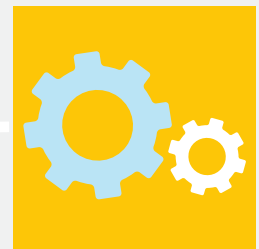

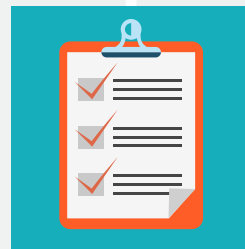

DROP SHIPPING - *How it works*

At inkthreadable it's our job to help you turn your idea into a reality. Our in-depth knowledge of the t-shirt printing industry means we can help your business succeed.

Dropshipping is slightly different - as soon as you receive an order from a customer, you then place an order with us.

There's no stock, there's no risk, you order your T-shirts as you need them.

1. Your customer places an order on your website

2. You check the order. If everything is ok, you place the order with us following our 3 step pricing to calculate your costs.

3. We process the order and print the garments

4. We then send the order straight to the customer for you in plain cover or in your company branding
